Guardian ability sheet

Role: Close-range combat and defense.

Weapon: Oathkeeper

Passive: Steadfast

Take 20% less damage. Melee hits restore 2 resolve.

Abilities

Ability	Cost	Cooldown	Effect
Shield Bash	16	5 seconds	Strike a wide arc. Stun nearby foes.
Bulwark	24	12 seconds	Become invulnerable for 3 seconds.
Rally	28	14 seconds	Restore 45 health. Empower attacks for 6 seconds.

Design notes

The Guardian should have a shield and a heavier stance. Shield Bash uses a short attack arc. Bulwark shows a shield outline while it is active. Rally uses a glow to show healing.

Ability layout

Put the class name and passive above the three ability slots. Show the name, cost, and cooldown in each slot. Dim a slot when the ability is unavailable.

Ranger ability sheet

Role: Ranged attacks and movement.

Weapon: Thread of Dawn

Passive: Stillness

Standing still for 0.8s empowers arrows by 35%.

Abilities

Ability	Cost	Cooldown	Effect
Piercing Shot	18	4 seconds	A powerful arrow pierces all enemies.
Starfall Volley	28	8 seconds	Release a fan of seven arrows.
Windstep	22	9 seconds	Dodge backward and slow nearby foes.

Design notes

The Ranger should have a bow and clear arrow trails. Piercing Shot uses one straight trail. Starfall Volley spreads seven arrows. Windstep shows the Ranger moving backward.

Ability layout

Put the class name and passive above the three ability slots. Show the name, cost, and cooldown in each slot. Dim a slot when the ability is unavailable.

Arcanist ability sheet

Role: Magic, area control, and healing.

Weapon: Lantern Staff

Passive: Reservoir

Regenerate 6 mana per second instead of 3.

Abilities

Ability	Cost	Cooldown	Effect
Ember Lance	18	4 seconds	A piercing flame inflicts burn.
Winter Nova	30	8 seconds	Damage and slow all nearby enemies.
Healing Light	35	12 seconds	Restore 55 health and remove harmful effects.

Design notes

The Arcanist should carry a staff. Ember Lance uses a flame effect. Winter Nova makes a frost circle around the player. Healing Light uses a rising light effect.

Ability layout

Put the class name and passive above the three ability slots. Show the name, cost, and cooldown in each slot. Dim a slot when the ability is unavailable.
